WORK EXPERIENCE

Lecturer/School Examinations Coordinator

Kenyatta University

01/2013 - Present

Nairobi

Achievements/Tasks

- As a lecturer, prepare and take undergraduate and postgraduate classes in immunology with consistent and excellent reviews/feedaback
- Worked successfully as a departmental examinations coordinator, department of Pathology.
- Supervision of postgraduate students and their placement in research projects at Kenya Medical research Institute (KEMRI)
- Mentorship of students both informally and formally through the University mentorship program including the 'Growing Leaders Program' for final year students
- Currently serving as the School of Medicine Examinations coordinator. I have worked to ensure examinations records of students in the school are in order and complete, and all student grading issues are handled with utmost integrity
